About Us

At Omni Health Services, Inc. we are committed to providing high quality and culturally competent mental health services for people of ages five and older. We recognize the complexities of life in current society and the resultant stresses under which many people live. We believe everyone possesses a potential for living a more satisfying healthier life.

We are comprised of Master's level therapists and psychiatrists. Our therapists are experienced and compassionate clinicians who have been trained in a variety of therapeutic techniques including cognitive behavioral therapy (CBT), behavior modification, marriage and family therapy, and psychodynamic therapy.

We make every effort to assign a therapist and/or doctor that is a good match for you.
